ABOUT

About Biobord

By 2030, the world will need 50 % more food, 45 % more energy, and 30 % more water. The solution is bioeconomy that is based on the sustainable use of renewable resources as well as circular economy models.

Biobord platform was originated as the end result of the RDI2Club-project (Rural RDI milieus in transition towards smart bioeconomy clusters and innovation ecosystems). The RDI2Club project is co-financed with the European Regional Development Fund, Interreg Baltic Sea and it aims towards connecting Bioeconomy developers around the the Baltic Sea region. With the help of the project and the Biobord platform, we want to further develop global networking in the Bioeconomy field, the creation of new workplaces, innovations and so on.

Following interactive roadmap will tell more of the creation process of Biobord and further details can be found after the roadmap.

The screenshot displays the Biobord forum interface. At the top, a dark navigation bar contains links for HOME, ABOUT, SERVICES, NEWS, NETWORK MAP, FORUM, RESOURCES, and RIIKKAKUMPULAIN. Below this, the forum header includes the Biobord logo, a search icon, and a user profile icon. The main content area features the Interreg Baltic Sea Region and European Regional Development Fund logos. A navigation bar below the logos shows 'all categories' and 'Categories Latest', with 'Helpdesk' highlighted in yellow. A 'New Topic' button is also visible. The 'Online (2):' section shows two user avatars. The main forum content is organized into two sections: 'Biobord User Support' and 'Open Biobord Forum'. The 'Biobord User Support' section includes an illustration of a person at a computer with question marks and a text description: 'Find user guides, tutorials and tips for forum co-working here. Please share your questions and feedback on using Biobord Forum; our Biobord Staff is committed to answering to your questions as soon as possible.' The 'Open Biobord Forum' section includes an illustration of people in a meeting and a text description: 'Open Biobord Forum is a networking, matchmaking and teambuilding area for bioeconomy developers to find new opportunities, expertise and partners.' A list of topics is displayed on the right side of each section, including 'Welcome to Biobord Forum!', 'Help us develop Biobord!', 'Biobord Operating Model', 'TUTORIAL: What are all these groups on the Biobord forum?', 'TUTORIAL: Biobord's tags', 'TUTORIAL: How to join to a closed Biobord group?', 'Meet the staff of Biobord!', 'Meet the Network and introduce yourself', 'Updated Biobord!', 'Story of RD12CluB and the bioeconomy innovation network', and 'Trend analysis on emerging sustainable bioeconomy trends in BS'. At the bottom, there are several colored squares representing different categories: Knowledge on Bioeconomy, Services and Tools for Bioeconomy Innovation, Raising awareness on bioeconomy, and New Ideas for Joint Actions.
