SMART FARMING DIH (DIGITAL INNOVATION HUB) IN 2030? VISION BY JAMK BIOECONOMY

21.01.2022 AT 10:00 - 12:00 EET

The need for an effective DIH for Smart Farming? What are the best ways for co-operation? Which kind of practices could also serve you? In our first BioTalks webinar we come together to discuss these questions by reflecting the vision built by the Smart Farming team of JAMK Institute of Bioeconomy.
